

Elks Welcome Home Kit Bed Application

Most veterans move into their homes with nothing. The VA is able to assist with some expenses like rent and security deposits. They depend on the community to help with the rest.

Elks can help veterans establish their homes by building Welcome Home Kits. Generally, this kit would include some small furniture, kitchenware, and cleaning supplies. Items can be new or used, donated or purchased. (A suggested list of supplies is attached.) If your Lodge is committed to providing a veteran with a Welcome Home Kit, the ENVSC will join in by providing that veteran with a bed.

Please note that supplies are just the beginning of this endeavor. Lodges who complete the attached form are committing to a full year of support and follow-up with the veteran, focused on community integration and support.
